

Confirmation

I have read and understood the conditions relating to the fee discount available for licensees conducting their own interference investigations. I will arrange my own investigation of any interference affecting my licences. If I choose to make a complaint to RSM in respect of such interference I will give RSM the required interference investigation report.

If help is required please phone our business service centre on 0508 RSMINFO or email info@rsm.govt.nz.

We will contact you when your additional 10% discount is active.
