

Telemetry / Telecommand

Who does this licence apply to?

- Persons or other legal entities that own and operate land based radio transmitting equipment for linking between fixed points on a shared user.

Short Range Devices

Many short-range data communication requirements may be satisfied by the [General User Radio Licence for Short Range Devices](#). This GURL covers devices such as remote car lock/unlocking, wireless LAN cards, burglar alarms etc.

Longer distance data communication

Where users have a requirement for longer distance data communication it may be appropriate to seek an individual telecontrol / telemetry licence which allows for higher power within a shared frequency environment.

Applying for a telemetry / telecontrol licence

You can apply for a telemetry/ telecontrol licence [online](#) or by sending us a completed [Radio 2F application form \[187 kB PDF\]](#). Note: You will need to have [Adobe Acrobat Reader](#) installed to view and print this form. For applicable fees refer to the [fees schedule](#).
