Subject: 2007 Radio Spectrum Licence Fees Review - Submission on Proposed Fees

2007 RADIO SPECTRUM LICENCE FEES REVIEW - SUBMISSION ON PROPOSED FEES

Which option:

Option B: Variable adjustment across fee categories

Why this option is preferred:

Other comments on fees or on the proposed new initiatives:

Making Amateur Radio a GURL has been a disaster from the Amateur's point of view. Please go back to charging individual hams for their annual licences, and scrap the fees on repeaters, which are likely to bankrupt some of the clubs which own them. Non-NZART members are getting their hobby for free, which is grossly unfair. No-one asked for the GURL arrangement - you lot pushed it on us, and we don't want it!
