

## **TERMS, CONDITIONS AND RESTRICTIONS APPLYING TO PERSONAL RADIO (REPEATER) RADIO LICENCES**

1. The licence permits the use of radio apparatus for the conduct of Personal Radio (Repeater) Radiocommunications.
2. Linking of repeaters is not permitted.
3. While the purpose of the repeater is to retransmit voice telephony (speech), the transmission of selective calling tones sent between Personal Radio Apparatus to which the General User Radio Licence applies, is permitted.
4. The licensee shall permit open access for communication purposes to all radio apparatus to which a General User Radio Licence applies.
5. The frequency is assigned on a shared basis and any interference shall be accepted.
6. Remote control facilities fitted to the repeater shall operate in a manner that does not alter the technical performance of the repeater, other than to:
  - a) allow deactivation/activation of the repeater for maintenance purposes only; or
  - b) initiate the transmission of status information; or
  - c) indicate an alarm condition at the repeater site.
7. Emissions: 16K0F3EJN/16K0G3EJN retransmission of voice telephony.  
16K0F2EJN/16K0G2EJN retransmission of selective calling information.

Additional terms, conditions and restrictions applying to the radio licence:-
