

Managed Spectrum Park

Applications to access the Managed Spectrum Park in the 2.5 GHz band

The Ministry of Economic Development invited applications to access the Managed Spectrum Park (MSP) in the 2.5 GHz radio spectrum band, having finalised the [rules and application documentation](#) on the operation of the MSP. Applications closed on 4 September 2009.

The Ministry received five applications. Eligible applicants and corresponding Territorial Local Authority (TLA) areas that have been applied for are given below.

Applicant	TLA
NZ Transport Authority	Rodney DC North Shore CC Waitakere CC Auckland CC Manukau CC Papakura CC
Gisborne.net.nz Ltd	Gisborne DC
Mount Campbell Networks	Tasman DC Marlborough DC Nelson CC
Netsmart Ltd	Western Bay of Plenty DC Tauranga CC Whakatane DC Kawarau DC
Compass Communications Ltd	Rodney DC North Shore CC Waitakere CC Auckland CC Manukau CC Papakura DC Franklin DC Waikato DC Matamata-Paiko DC Waipa DC Hastings DC Napier CC Palmerston North CC Manawatu DC Tararua DC

The Ministry intends to allocate the initial licences before end of 2009. Please refer to the detailed [timetable](#).

The 2.5 GHz MSP is intended for local and regional wireless broadband services, and seeks to encourage a flexible, cooperative, low cost and, as far as possible, self-managed approach to allocation and use of the radio spectrum resource.

The MSP is likely to be of interest to smaller industry players, local and regional councils and iwi groups who are considering the deployment of wireless broadband services.

For enquiries, contact the Ministry's Radio Spectrum Policy and Planning group at radiospectrum@med.govt.nz.
