

# RADIO SPECTRUM MANAGEMENT

## Notification of applications for Managed Spectrum Park licences

Below is a list of current and past applications received and notified by Radio Spectrum Management for counter applications as part of the formal requirements of notification for the Managed Spectrum Park (MSP) licence application process.

Some notices refer to the Ministry of Economic Development of which RSM was a part of, prior to the creation of the Ministry of Business, Innovation and Employment.

### Notice 59

Notice is hereby given that:

- WIZ wireless Limited, has applied for Managed Spectrum Park (MSP) licences which cover parts of the South Wairarapa District and Carterton District TLA areas.
- Lightwire Limited, for licences with coverage in parts of the South Waikato District and Rotorua District TLA

The relevant technical details for these planned licences can be viewed by ARE's (Approved Radio Engineers) in the Register of Radio Frequencies.

If you wish to make an application for a licence which may conflict with any of these applications you must submit, electronically in the Register, planned and certified Form 7 Licences to Transmit Radio Waves, to the Crown Spectrum Asset Manager, Ministry of Business, Innovation & Employment by 5.00pm Thursday 17 January 2019.

The coverage of Licence applications may not extend beyond the boundary of the TLA areas in which the applications above have been received and must not conflict with any existing licences.

Applicants should refer to the [Park Rules, Allocation Rules and Licence Agreement](#) for the full requirements in terms of what is required. Send your questions by email to [radiospectrum@mbie.govt.nz](mailto:radiospectrum@mbie.govt.nz).

3 December 2018

### Notice 58

Notice is hereby given that:

- Ultimate Mobile Limited, has applied for Managed Spectrum Park (MSP) licences which cover parts of the Christchurch City TLA area.

The relevant technical details for these planned licences can be viewed by ARE's (Approved Radio Engineers) in the Register of Radio Frequencies.

If you wish to make an application for a licence which may conflict with any of these applications you must submit, electronically in the Register, planned and certified Form 7 Licences to Transmit Radio Waves, to the Crown Spectrum Asset Manager, Ministry of Business, Innovation & Employment by 5.00pm Friday 12 October 2018.

The coverage of Licence applications may not extend beyond the boundary of the TLA areas in which the applications above have been received and must not conflict with any existing licences.

Applicants should refer to the [Park Rules, Allocation Rules and Licence Agreement](#) for the full requirements in terms of what is required. Questions by email can be sent to [radiospectrum@mbie.govt.nz](mailto:radiospectrum@mbie.govt.nz).

3 September 2018

## Notice 25

[MSP Process - Wairarapa Complaint and Notice to All Participants \[149 kB PDF\]](#)

12 April 2013

## Notice 24

Notice is hereby given that the deadline for Form 7 licence applications to be received in relation to all TLA areas under Notice 21 is extended to 5.00pm on Wednesday 10 April 2013, being 30 working days from the posting of this notice. This extension is to take into account the clarification of the boundaries of the Auckland Council and the desire of the initial applicant to lodge additional applications in that TLA area. (These have subsequently been lodged in the Auckland Council TLA area).

27 February 2013

## Notice 23

Notice is hereby given that a complaint has been received and is being investigated regarding applications in allocation process notified under Notice 20 further below. In light of this the application process under Notice 20 is being placed on hold and no modifications to any MSP licence applications in the respective District TLA areas are to be made by anyone until further notice.

[See also Notice 25 regarding the Wairarapa complaint outcome.](#)

1 February 2013

## Notice 22

Notice is hereby given that Netsmart Limited has applied for new MSP licences within TLAs where it already holds licences. These cover parts of the Raglan sector and the Puketonga north sector in the Waikato District Council TLA area, the Port Waikato sector in the Auckland (old Franklin) Council TLA area, and the Sanatorium Hill south facing/southern sector in the Hamilton and Waipa District Council TLA areas. The relevant technical details for these planned licences can be viewed by ARE's (approved radio engineers) in SMART (the Register of Radio Frequencies).

If you wish to make an application for a licence which may conflict with these applications you must provide electronically in SMART a planned and certified Form 7 Licence to Transmit Radio Waves to the Crown Spectrum Asset Manager, Ministry of Business, Innovation & Employment, 33 Bowen Street, Wellington by 5.00pm Friday 15 March 2013, being 30 working days from the posting of this notice. The coverage of Licence applications may not extend beyond the boundary of the TLA areas in which applications have been received and must not conflict with any existing licences.

Applicants should refer to the [Park Rules, Allocation Rules and Licence Agreement](#) for the full requirements in terms of what is required.

Questions by email can be sent to [bruce.donaldson@med.govt.nz](mailto:bruce.donaldson@med.govt.nz)

1 February 2013
